- 19.5 Unless disclosed below, the accounting policies, estimation methods and measurement bases used in this report are the same as those used in the last annual report. Any changes in accounting policies, estimation methods and measurement bases since the last annual report are disclosed as follows

Change In Accounting Policy

PaperlinX Limited has taken advantage of the election under AASB 1 to not restate for AASB 132 *Financial Instruments: Disclosure and Presentation* and AASB 139 *Financial Instruments: Recognition and Measurement*.

There are no adjustments for 1 July 2004 or the financial year ended 30 June 2005 as previous AGAAP continues to apply.

As at 1 July 2005, the adjustments to the consolidated entity are as follows:

- under previous AGAAP, not all derivatives were recognised in the balance sheet. On adoption of AASB 139, all derivatives are recognised at fair value on the balance sheet. The effect on the consolidated entity is to record the fair value of the derivatives on the balance sheet with a corresponding decrease in retained earnings of \$0.3 million.
- debt establishment costs which were capitalised and amortised over the term of the borrowing under previous AGAAP, are recalculated based on the effective interest rate method and recognised as part of the liability rather than as a separate asset. This results in a decrease in assets of \$4.0 million, and a decrease in financial liabilities of \$4.0 million.
